WHAT ANDERSON FOLK WILL WEAR THIS YEAR

STYLES AND FASHIONS ARE COMING IN

THE LATEST FRILLS

Anderson Dealer Tells of What is What and Why It Will Be So

If there is any one thing in the world that will interest the feminine reader of a newspaper, it is concerning the approaching and prevailing styles in wearing apparel. They are always ready to learn if possible concerning what will be, and why it will be; so realizing this fact, the Intelligence yesterday took pains to find out just what will be the prevailing rage in the different hats and gowns, interviewing as an authority on this subject Mrs. B. Graves Boyd, who has every single fashion right at her finger tips and can hand the information out like this was in the heart of New York city or some several miles from that vicinity.

Mrs. Boyd said yesterday that Anderson ladies would have little trouble in selecting their topcoats for Spring and Summer and that she really believed "hubby" as well might get off a little lighter this season than he has been for the last few years. When it comes to the season's prevailing color, the Anderson authority said:

White is fashionable in every material known. It is used for tailcoats, for separate blouses, for morning frocks, for evening gowns, for wraps, outings and lingerie.

The glories of the white season may be sung in infinitum, and the fact is so varied that it is sure to last. Do not hesitate to buy a white dress or a white hat. Only be careful to avoid the extremes of fashion that will send it of over-popularity.

Frocks that are decidedly peg-top at the hips are likely not to last. Hats with a dab of trimming directly in the front and back or on the side, placed directly opposite, will also suffer an early demise.

They arrive at some charming conceits in the way of blouses. The great mystery is, how do they do it? Just at the moment all of the big stores are having their big white sales and blouses are always an important feature of these sales. One can stand in the aisle and see a dozen handsome blouse models on forms, but there is no trace of resemblance between them. Even the expensive models, those selling for from one, two, to three dollars each are all trimmed with different materials in some way finished to make them look individual. For late morning wear or early afternoon wear at home, there are some delightful creations called "vests d'intérieur," vest or blouse for the resting hours, that have a novel air though they embody the leading details of the smart toilette of the moment.

The principle feature of these models is that they combine all the charms of the new waisteoats, the new tunics and the girle and bow and sash effect, as well as the leading collar designs of the best dress blouse. For instance, a very charming model is of tango-brown chambray. The front looks like a gentleman's double-breasted vest and they extend toward the waist in points just as does the vest referred to in the novel sleeves. They have a very wide armhole which is cut to shape in to the space unfilled by the fronts and the plain back. The narrow heading of piping, and forming the following shape. It starts well down under the arm, onto the body of the garment at least three inches. The line of stitching follows around a circular way and up over the shoulder front and back, ending in the collar. That is, there is no shoulder piece, the sleeve portion is extended to serve for this and extends right up into the standing Medice collar. It will be seen that the line stitching is thus melon shaped. The body of the sleeve is loose, though shapely and diminishes, ending is set on cuff, which is gauntlet shape; that is the old fashioned armor plate gauntlet which fits the wrist tightly. The Medice collar is faced with a flat frill or net that extends to the front of the garment. The model is very simple, and very striking and consists merely of five pieces, the two fronts, the back and the sleeves, with the melon shaped armholes which extend to form shoulder piece and side of collar.

The "saut-de-lit" so much favored by the French women, seems to have gained the approval of the majority, and many and charming are the new models of this garment. An unusually fascinating one, which was recently imported, was made of chambray, considerably draped toward the back. The neck, V-shaped in front, and rather deeply rounded in the back, extends toward the waist.

The opera cloak appearance is very strongly presented in another model, which has as its distinguishing characteristic a skirt tightly pulled about the feet and a gracefully arranged draping of the gown material at the left side, where the frons fasten the gown together. This negligee is made of material designed for com-

fort, velours troyer. It may be had in a variety of colors, and here again, the rather low neck, front and back are shown more. Neck and sleeves are edged with fur, but the model may easily be duplicated using marabout as a finish.

A garment of this character, unique because because it has no opening, other than that about the neck, is one made of pink crepe de chine, and but for the fact that it is edged with white swansdown, it might easily be taken for a night dress. Information—oh?

INFANT DEAD

Little Girl Succumbed to Heart Trouble Yesterday. Mary Fretwell, the little two-months old daughter of Mrs. and Mrs. J. J. Fretwell, Jr., died yesterday morning at the home of her parents. The little girl had not been ill before yesterday morning, but at an early hour, the parents found that she was restless and seemed to be indisposed. A physician was summoned, but she immediately stated that heart trouble was the affliction and it was seen that nothing could be done. The parents were well high in grief and with grief over the loss of their little one.

The funeral services were conducted at the home yesterday afternoon at 4:30 o'clock and interment followed in Silver Brook cemetery.

GROUND HOG HAS RAISED ANTE

Saw the Critics and Went Them One Better Yesterday With More Snow

Did Ground Hog raise a remark that that worthy gentleman yesterday "saw" all his critics and went them one better when he managed to stage an affair surpassing anything ever seen by the "oldest inhabitants." Mr. Ground Hog actually succeeded in making it snow with the sun brightly shining through the performance.

Snow began to fall in Anderson yesterday morning about 7:30 and the flakes fell merrily and fastly for several minutes and then let up until about 8 o'clock yesterday afternoon, when the snow again began to fall, and this time the sun was shining as though it was the middle of May instead of in the dead of the winter. Throughout the afternoon the fall continued at intervals, but the fact that the sun was shining prevented its staying on the ground.

LOCAL SCHOOLS LEAD THE STATE

Mr. Swearingen Says That Anderson Heads the List in Rural Graded Schools

While in the city yesterday J. E. Swearingen, state superintendent of education said: "Anderson County leads the State of South Carolina in rural graded schools and the people of your county have a perfect right to be proud of the magnificent work your schools are doing." Naturally the school officials of the county felt immensely proud over this compliment, coming as it does, from a man who is at the head of the educational work of the State.

Mr. Swearingen also brought the welcome intelligence to Anderson county that every cent of the \$6,100 asked for the rural graded schools of this county would be paid. He said that he could give his personal assurance of this. There are 26 of these schools in Anderson county and the declaration made by the superintendent will be thankfully received in every community where such schools are located.

Another item of interesting news given out by the state superintendent was to the effect that the weak schools of this county without the four mill tax will receive \$2,000 from the State aid fund for the purpose of term extension. This will enable several of the schools in the county to continue their scholastic year for at least one month more than would have been possible otherwise.

Mr. Swearingen, while not here on official business, told the county superintendent of education that from what he could ascertain, all the schools of Anderson county are in splendid shape and said that the local authorities deserved the highest praise for the work being accomplished.

HEAR LAST CALL NEXT SATURDAY

Mr. Taxpayer Receives Warning That Time For Settlement Will End With That Day

The county treasurer said yesterday that this year as usual, there will be a great many people to forget their taxes and have to suffer the consequences. The treasurer said that he could not understand how it is that people will just simply insist on looking the fact that March 15 is the last day on which State and county taxes may be received. Since the 15th comes this year on Sunday, next Saturday will be the last chance for the taxpayers to come across with the "coin." The treasurer said that he only wished it might be possible to persuade every man to pay his taxes before the time expires.

Miss Mad Major, who is teaching the Ebenezer school, spent the week-end in the city with her sister, Mrs. J. L. Jones on North Pant street.

SCHOOLS REFUSE TO PAY FOR WATER USED

TRUSTEES SAY IT SHOULD BE FREE

MAY BE LAW SUIT

Take Position that Old Franchise is Still in Force and Passed Resolutions

If Anderson people thought that the row over the matter of the franchise granted the Southern Public Utilities Company ended when the Council took this action, they were mistaken. The school trustees of this district have decided that they will have an inning and at a meeting Friday the board absolutely refused to pay a water bill of \$4.26 and adopted resolutions to the effect that they did not consider the money due the water and light company. The board takes the position that the old franchise and which the company was operating is still in force and that under its provisions the schools were to be furnished water free of charge.

The following is the statement given out by a member of the board yesterday: "That the franchise granted to the Anderson Water Supply Co., on the 18th day of November, A. D. 1889, and as amended and consolidated with the Anderson Electric Light and Power company, on the 22nd day of November, 1900, and to be known thereafter as the Anderson Water, Light and Power Company, is a valid contract between the city of Anderson and the Anderson Water, Light and Power company, and said contract and franchise does not expire until about the month of September, A. D. 1915."

"That this franchise granted free water to the public schools of the city.

"That the new franchise granted to the Southern Public Utilities Co. by the city council of the city of Anderson, was, and is, to the best of our knowledge, information and belief, irregular and illegally passed, and contains provisions contrary to the constitution of the State of South Carolina, and to the laws of the State and of the United States.

"That the Southern Public Utilities company, in purchasing the Anderson Water, Light and Power Co., purchased the franchise and such rights and privileges as were granted to the said Anderson Water, Light and Power Co. by the city of Anderson under the original grant and the amendments made there by the consolidation ordinance passed on the 22nd day of November, A. D. 1900."

"That the franchise granted free water to the public schools of the city.

"That the franchise granted free water to the public schools of the city.

MANY BIDDERS AT HOUSE SALE

Sum Realized From Sale Was Comparatively Small According to Reports

Notwithstanding the fact that a large crowd was attracted to the sale of houses conducted by the realty firm of Frank & DeCamps yesterday morning, the entire 41 houses brought less than \$1,200 when the sum total of the sales were figured up yesterday morning. The local concern conducted the sale for the Charleston & Western Carolina railway and the houses are situated on the property recently purchased by the railroad for the freight terminals.

The following is the record of yesterday's sales: Chenault house on South Main street to G. N. Broyles for \$237.50. Small house on rear of Anderson hotel to J. S. Fowler for \$74. Barn in rear of Chenault house to J. S. Fowler for \$75.00. House in rear of Chenault house to C. E. Laney for \$92.50. House on Peoples street occupied by Ruth Frazer \$26. The Dr. Earle house to Max Seigel for \$300. The barn in rear of Earle home to W. N. Walker, for \$18. Outhouse on Earle property to M. B. Smith for \$6. One room house, 416 Towers street, to Claudia Martin for \$10. First house in rear of 416 Towers street to J. N. Bryan for \$12.50. Second house in rear of 416 Towers street to J. S. Fowler for \$9.50. The Quince Lovett house to H. Brody for \$140. The small two-room house on West Market street occupied by Brigham Young to J. S. Fowler for \$34. This house occupied by Carle Parize to the Earle property to J. S. Fowler for \$16. The Parize house on South Main street to Claudia Martin for \$192.

IT WAS A MISTAKE

Shady Does Not Succeed Tollison as Supervisor of Registration

Editor Intelligence: In your issue of the 6th inst. I notice your Columbia correspondent says that P. M. Lindsay was selected by the Anderson delegation instead of E. T. Tollison, and that Lindsay was confirmed by the Senate. The delegation did elect Mr. Lindsay, but he has not been confirmed by the Senate. The Governor has not sent to the Senate the three supervisors of registration, consequently no confirmation has or could have taken place. G. W. Sullivan, Williamston, March 7.

Miss Valeria Crowther of Williamston was shopping in the city yesterday for a few hours.
